In Process Papers

Clicking on the header names will re-sort the abstracts.

Clicking on the Edit button for a paper takes you to the first page of the submission process, Abstract ID takes you to a draft of the SSRN eLibrary public abstract page, and the Status notation takes you to the review page of that paper.

Privately Available Papers

Clicking on the header names will re-sort the abstracts.

These papers are not available to the SSRN public search engine due to a submission restriction or author request.
If you want to include private papers on your SSRN Author page, click the "Include on Author Page" checkbox below.
Downloads of these papers are not included in computing the total downloads shown on your author page.

PRIVATELY AVAILABLE PAPERS | [Instructions](#)

This section contains papers that are not displayed on your Author Page and are not available in the public SSRN eLibrary or to the SSRN search engine due to an author request or submission restriction (e.g., not a scholarly paper or submitted to restricted conference). If you want an author-requested private paper to display on your SSRN Author Page, click the paper's "Include on Author Page" checkbox below and the paper will then show in the "Other Papers" section of your Author Page and will be available to external search engines, but not to the SSRN search engine. Downloads of these papers are not included in computing the total downloads shown on your author page.
